

# Toro® Dingo® TX Tracked Models

## TX 427 Narrow Track

- 27 hp Kohler® gasoline engine
- Two-stage, heavy-duty, remote air cleaner
- Track width – 5.9"
- Width – 33.7"
- Weight w/out bucket – 1882 lbs.
- Light footprint — 5.1 psi ground pressure
- 11.4 gpm auxillary hydraulic flow

## TX 427 Wide Track

- 27 hp Kohler gasoline engine
- Two-stage, heavy-duty, remote air cleaner
- Track width – 9.5"
- Width – 41"
- Weight w/out bucket – 2075 lbs.
- Light footprint — 3.6 psi ground pressure
- 11.4 gpm auxillary hydraulic flow

# Toro **defined** the compact utility loader market and we **continue to stay true** to the category.

Toro Dingo TX compact utility loaders possess the versatility to handle countless jobs on every site ... dig, haul, plant and build. Designed by Toro engineers specifically for professionals, the Dingo TX is an innovative, rugged and dependable piece of equipment that shows up for work every day, ready for virtually any job.

These machines are built right ... delivering a high power-to-weight ratio — and the lightest footprint — in the compact utility loader category.

## **Hydraulic performance beyond the category.**

The TX models' auxiliary hydraulic performance makes the most challenging ground conditions irrelevant by pumping 24 hp (diesel) or 19 hp (gas) to the attachment. Four independent hydraulic pumps deliver ...

- 16.9 gpm of flow to each track
- 13.8 gpm (diesel) or 11.4 gpm (gas) to the auxiliary
- 6 gpm to the loader arm

## **Tackle a lot more work in less time.**

- Uses for the Toro Dingo TX and its various attachments are limited only by your imagination.
- Toro's exclusive TX control system (see illustration) is easy to learn; new operators are instantly productive with true command for accurate performance.
- Two-stage, heavy-duty, remote air cleaner is contained under the hood, so it is not prone to damage and sight lines aren't impaired.
- Optional platform allows ride-on capability when traveling long distances.

## **Make tracks with the Toro Dingo TX loader.**

- Durable Kevlar® reinforced tracks offer extended life, unlike competitive units with metal inserts.
- Tracks disperse weight evenly, giving high flotation and a light footprint on turf, yet delivering the necessary traction in loose sand or mud.
- Open design of traction system is self-cleaning, preventing the collection of sand, rocks, mud, and debris that could jam tracks.
- Pound for pound and power for power, these machines are unmatched in their category.

*Toro's patented, easy-to-use and learn controls make for more productive workers.*

### **TX 525 Narrow Track**

- 25 hp Kubota® diesel engine
- Two-stage, heavy-duty, remote air cleaner
- Track width – 5.9"
- Width – 33.7"
- Weight w/out bucket – 1904 lbs.
- 5.2 psi ground pressure
- 13.8 gpm auxiliary hydraulic flow

### **TX 525 Wide Track**

- 25 hp Kubota diesel engine
- Two-stage, heavy-duty, remote air cleaner
- Track width – 9.5"
- Width – 41"
- Weight w/out bucket – 2001 lbs.
- 3.4 psi ground pressure
- 13.8 gpm auxiliary hydraulic flow

# Toro® Dingo® TX 413 and Trailer

“As a small business owner, this machine is invaluable. It replaces a couple of guys, it doesn’t call in sick, and it doesn’t tell competitors my secrets.”

– Michael Otte, certified Aquascape contractor and owner of Whitewater Gardens in St. Charles, Minn.

## **TX 413**

- 13 hp Honda® gasoline engine
- Track width – 5.9"
- Width – 33.7"
- Weight w/out bucket – 1340 lbs.
- 3.6 psi ground pressure

## **TX 413 Trailer**

- 5' 4" x 9' bed
- 3500 lbs. GVW axle
- 2-inch diameter ball
- Surge brakes
- Flat 4-wire harness plug
- ST225/75R15 tires

# The Toro Dingo TX 413. A **great package** for the jobs you do most often.

We combined our five most popular attachments with one great machine, and loaded it all on a convenient trailer to give you what you use most. The Toro Dingo TX 413 works hard with the power of a 13 hp engine. Lightweight. Easy to transport. Easy to maneuver. Gentle on turf. What you're used to doing by hand can now be done in a snap ... by the TX 413.

## The perfect size for easy access to confined areas.

- Only 33.7" wide
- Made to fit through standard 36" gates and small work sites

## High-performance track system combined with the power you need to work all day.

- Exceptional traction and flotation with the proprietary track design
- 7 gpm @ 2,540 psi hydraulic pressure

## Add a TX 413 to your crew and earn a fast return.

One machine can do the work of three. Jobs that used to take all day get done in a fraction of the time. You see less downtime and happier employees, as well as reduced turnover in your crew. And suddenly, you're seeing more time for more (and bigger) projects and a more profitable year.
