

Toro® Dingo® Wheeled Models

“After almost eight years on this machine, I feel like I could use it to spread peanut butter. Once you learn how to use it, you can do anything with it.”

– Jeff Lee, owner of Live Oak Landscaping in Baton Rouge, La.

The original compact utility loaders **packed with the power** you need.

Productive, no matter how you look at it.

- Supporting numerous attachments, the Dingo 220 and 323 will continue to astonish you with what they can accomplish.
- Ride-on platform provides improved visibility of your working area and attachments.
- At only 40.5" wide and with zero-turn capability, you can access confined spaces you never dreamed possible.
- Removable counterweight allows you to add lift capacity or increase down pressure for optimal attachment performance.
- Short length contributes to efficient trailering.

4 Paw® independent 4-wheel drive system.

Four independent wheel motors deliver hydraulic flow and pressure to all four wheels at all times on the Toro Dingo 323 model.

- Improves traction
- Increases mobility
- Reduces chances of getting stuck
- Less moving parts, reducing maintenance

Reliable hydraulic power, time after time.

- Pumping 10.8 gpm @ 3000 psi, these machines have incredible hydraulic power.
- Powerful 2-pump hydraulic system for efficient separation of power to attachments, wheels or loader arms.
- Quick-change dripless flush-face couplers keep hydraulic system clean.

220

- 20 hp Kohler® gasoline
- Air-cooled engine
- One, 4-gallon fuel tank
- Standard two-stage air cleaner
- Mechanically driven by hydraulic pumps

323

- 23 hp Kohler gasoline
- Air-cooled engine
- Two, 4-gallon fuel tanks
- Two-stage, heavy-duty, remote air cleaner
- 4 Paw hydraulic traction control
